Hello Alfred and Greg,

We are requesting your input on our options for completing the NHPA 106 process for the Dewey Burdock. The two options we have identified so far are: 1) adopting the NRC Programmatic Agreement or 2) having our own separate process.

We would like to know if you know of other options beside these two.

I have attached the draft plan we have put together:

Dewey Burdock
NHPA 106 and E...

I have also been reviewing other information that you might need before you are ready to give us input. In an effort to not overwhelm you with too much info at this time, perhaps this meeting could serve as a kick-off meeting where you could ask questions about the NRC PA and the cultural properties surveys done to date, and identify the information you might need from me to move ahead with this endeavor.

If Friday would be a better day for this meeting, please suggest a time on Friday. I squeezed this meeting into a tiny window that all of us are free on Thursday because I wasn't sure we would all be in on Friday.

Thanks!
